

Objective

By the end of this lesson, you will have a better understanding of the various music genres featured in the Trolls World Tour movie and their historical significance.

Materials and Prep

- Device to watch Trolls World Tour movie
- Notebook and pen
- Internet access for research
- Curiosity and excitement to learn!

Activities

- **Watch Trolls World Tour:** Start by watching the movie and take notes on the different music genres you hear.
- **Research Time:** Pick one music genre from the movie and research its history and key characteristics.
- **Create Your Own Music:** Using everyday objects as instruments, try to create a song inspired by one of the Trolls World Tour genres.

Talking Points

- **Pop Music:** "Pop music is known for its catchy melodies and widespread appeal, often dominating the mainstream music scene."
- **Rock Music:** "Rock music has roots in blues and folk music, known for its electric guitar riffs and rebellious attitude."
- **Country Music:** "Country music tells stories of heartbreak, love, and the simple life, often featuring twangy guitars and storytelling lyrics."
- **Funk Music:** "Funk music is all about the groove, characterized by syncopated rhythms and a strong bassline that makes you want to dance."
- **Classical Music:** "Classical music has a rich history spanning centuries, known for its complex compositions and emotional depth."
