

Objective

By the end of this lesson, Chloe will be able to create marine-themed artwork using simple materials.

Materials and Prep

- White paper
- Colored pencils or markers
- Pencil and eraser
- Reference images of marine life (optional)

No prior knowledge needed, just bring your creativity!

Activities

- Create a marine-themed drawing using colored pencils or markers. You can draw your favorite sea creature or underwater scene.
- Experiment with different color combinations to make your artwork vibrant and realistic.
- If you have reference images of marine life, try to replicate them in your drawing.

Talking Points

- Marine life is incredibly diverse and fascinating. You can choose to draw anything from colorful fish to majestic whales.
- Remember to use light pencil strokes first to sketch your drawing before adding colors. This helps in making corrections easily.
- Adding details like scales, patterns, and textures can make your artwork more realistic and visually appealing.
- Don't be afraid to get creative with your colors! Marine life comes in all shades and hues, so feel free to experiment.
