

## Objective

By the end of this lesson, BrooklynRose will be able to explore the world of Anime through engaging activities and discussions.

## Materials and Prep

- Internet access
- Pen and paper
- Quiet study space

No prior knowledge required, just an open mind and curiosity about Anime.

## Activities

- **Anime Character Design:** BrooklynRose can create their own Anime character, giving them a name, backstory, and unique powers.
- **Anime Trivia Quiz:** Test BrooklynRose's knowledge of popular Anime series with a fun quiz.
- **Anime Analysis:** Watch a short Anime clip together and discuss the themes, character development, and animation style.
- **Anime Drawing Challenge:** Challenge BrooklynRose to draw their favorite Anime character or scene.

## Talking Points

- **What is Anime?** - "Anime is a style of animation that originated in Japan and has become popular worldwide for its unique storytelling and art."
- **Types of Anime:** - "There are various genres of Anime, including shonen, shojo, mecha, and slice of life. Each offers different themes and appeals to different audiences."
- **Impact of Anime:** - "Anime has influenced pop culture, fashion, and even technology. It has a dedicated fan base and continues to evolve with new trends and innovations."
- **Diversity in Anime:** - "Anime showcases diverse characters, cultures, and perspectives, promoting inclusivity and creativity in storytelling."
