

Objective

By the end of this lesson, you will be able to identify major cities, landmarks, and animals in Australia on a map.

Materials and Prep

- Map of Australia
- Coloring pencils or markers
- Printouts of Australian animals
- Blank paper
- Computer or tablet for research

No prior knowledge needed, just bring your curiosity and imagination!

Activities

- **Map Exploration:** Look at the map of Australia and try to locate major cities like Sydney and Melbourne. Color the map and mark these cities.
- **Animal Adventure:** Research about unique Australian animals like kangaroos and koalas. Draw your favorite animal and write a fun fact about it.
- **Landmark Hunt:** Learn about famous landmarks in Australia such as the Sydney Opera House and Uluru. Draw these landmarks on your paper.

Talking Points

- **Exploring Australia:** "Australia is a big country with lots of interesting places to see. Let's start by finding it on the map!"
- **Australian Animals:** "Did you know that kangaroos can jump really high? Let's draw a kangaroo and learn more about these amazing animals."
- **Landmarks in Australia:** "The Sydney Opera House looks like a giant shell! Let's draw it and imagine what it would be like to visit."
