

Objective

By the end of this lesson, the student will be able to have fun exploring music through activities related to sharks.

Materials and Prep

- Shark stuffed animal or toy
- Space to move around
- Imagination and enthusiasm!

No prior music knowledge required, just a love for sharks!

Activities

- **Singing Shark Songs:** Sing songs about sharks together. Make up silly shark lyrics to familiar tunes.
- **Dance like a Shark:** Move and dance around the room like a shark swimming in the ocean. Use big arm movements and make shark fin shapes.
- **Shark Drumming:** Use your hands or a pot as a drum to make drumming sounds like a shark's heartbeat. Encourage the student to drum along with you.
- **Shark Sound Effects:** Make shark sound effects together using your voices. Roar like a shark or make splashing sounds like a shark swimming.

Talking Points

- **Sharks are amazing creatures:** "Did you know that sharks are big fish that live in the ocean? They have sharp teeth and fins to help them swim fast!"
- **Music can help us imagine sharks:** "When we listen to music and make shark sounds, we can pretend to be sharks swimming in the sea. Let's make some shark music together!"
- **We can have fun with music and sharks:** "Music can be so much fun, especially when we use it to pretend to be sharks. Let's keep exploring music and sharks together!"
