

## Objective

By the end of this lesson, the student will have a foundational understanding of eyelash extensions, including their purpose, application techniques, and maintenance practices. The student will also explore the creative aspects of eyelash styling and design.

## Materials and Prep

- Notebook and pen for taking notes
- Access to a computer or tablet for research
- Video tutorials on eyelash extension application
- Images of different eyelash styles for inspiration
- Basic skincare knowledge (cleaning and prepping the eyelid area)

## Activities

- **Research and Presentation:** The student will research the history and evolution of eyelash extensions, focusing on how styles have changed over the years. They will create a short presentation to share their findings.
- **Video Tutorial Exploration:** The student will watch a couple of video tutorials on eyelash extension application techniques. They will take notes on key steps and tips shared by professionals.
- **Design Your Own Style:** Using images for inspiration, the student will sketch or digitally create their own eyelash extension styles. They will describe what makes each style unique and suitable for different occasions.
