

## Objective

By the end of this lesson, L will demonstrate an understanding of key components of the English curriculum, including reading comprehension, writing skills, and grammar. L will create a fun one-page assessment that showcases their skills and knowledge in English.

## Materials and Prep

- Blank A4 paper
- Pencil and eraser
- Colored pencils or markers
- Timer (optional, for timed activities)
- Access to a quiet space for reading and writing

Before the lesson, ensure L is familiar with basic grammar rules, sentence structure, and has read a short story or article that can be discussed later in the activities.

## Activities

- **Story Time & Discussion:**

Start with a short story or article. After reading, discuss the main ideas, characters, and setting. Ask L to share their favorite part and why they liked it.

- **Creative Writing:**

Encourage L to write a short story or poem based on a prompt. For example, "What would happen if animals could talk?" This will help develop their creative thinking and writing skills.

- **Grammar Challenge:**

Prepare a few sentences with intentional grammar mistakes. Have L identify and correct the errors, explaining why the corrections are necessary.

- **Artistic Assessment:**

On the blank A4 paper, L will create a one-page assessment that includes a summary of the story read, their creative writing piece, and a section showcasing their grammar corrections. Encourage them to decorate it with drawings related to their story.
