

Objective

By the end of this lesson, the student will be able to identify their favorite characters from Peppa Pig, describe simple emotions and actions of the characters, and engage in imaginative play inspired by the show.

Materials and Prep

- Imagination and creativity!
- A comfortable space to play and act out scenes.
- Optional: A Peppa Pig toy or drawing materials (if available).

Before the lesson, think about some of the favorite episodes of Peppa Pig to share with the student. This will help them connect with the activities!

Activities

- **Character Introduction:**

Start by talking about Peppa Pig and her family. Ask the student who their favorite character is and why. This will help them express their thoughts and feelings.

- **Imaginative Play:**

Encourage the student to act out a scene from Peppa Pig. They can pretend to jump in muddy puddles, visit Grandma Pig, or have a picnic with friends. This will enhance their creativity!

- **Emotion Charades:**

Play a game where you show different emotions (happy, sad, surprised) and ask the student to guess the emotion. You can use Peppa Pig characters to represent these feelings.

- **Story Time:**

Tell a short story about Peppa Pig's day and ask the student to add their own ideas. What do they think Peppa should do next? This will help develop their storytelling skills!

Talking Points

- "Who is your favorite character in Peppa Pig? Can you tell me why you like them?"
- "What do you think Peppa feels when she jumps in muddy puddles? Let's act it out!"
- "Can you show me what a happy Peppa looks like? What about a sad Peppa?"
- "If you were Peppa, what fun thing would you do today? Let's make a story together!"
