

Objective

By the end of this lesson, the student will be able to express their thoughts and feelings about the Skibidi phenomenon using descriptive language, while also enhancing their vocabulary and writing skills through engaging activities.

Materials and Prep

- Paper
- Pencil or pen
- Access to a device to watch Skibidi videos (optional)
- Imagination and creativity!

Before the lesson, it would be helpful to have a brief discussion about what Skibidi is, including its characters and themes, to ensure the student feels comfortable with the topic.

Activities

• Skibidi Character Sketch

The student will choose their favorite Skibidi character and draw a sketch. They will then write a short paragraph describing the character's personality, appearance, and any funny traits they have.

• Skibidi Story Creation

The student will create a short story featuring their chosen Skibidi character. They should include a beginning, middle, and end, using descriptive language to make the story exciting.

• Skibidi Dance Challenge

The student will learn a simple Skibidi dance move and then write a set of instructions on how to do it. This will help them practice writing clear and concise directions.

• Skibidi Vocabulary Game

The student will come up with a list of new words they learned from the Skibidi videos. They will then create their own definitions and use each word in a sentence.
