

October 27 -Nov 2, 2024. Practice week to reinforce past learnings, shapes; square & triangles, prewriting readiness, slant and curves lines, boat ride tracing worksheet, reading readiness letter M and X. Math & literacy drive, count and show numbers 1-10 and transportation sort air, land & sea vehicles from Planning Playtime. SEL Kindness to Share from A to Z by Todd and Peggy Snow. Everyday outdoor play, trampoline, swings and slide. Social play with cousins and explored wall painting using cardboard and different paint colors brushes and rollers. Field trip to Disneyland to explore different types of transportations, trolley, monorail, goofy school of flight roller coaster, Cars land and golden zephyr. By the end of the lesson plan, Maximus will reinforce his understanding of shapes, practice prewriting skills, enhance his reading readiness with letters M and X, and explore numbers 1-10 through fun activities. He will also learn about different types of transportation and practice kindness through sharing activities.

Materials and Prep

- Boat ride tracing worksheet
- Coloring materials (crayons, markers)
- Counting objects (like small toys or blocks)
- Transportation sort cards (air, land, sea vehicles)
- SEL Kindness to Share from A to Z book
- Outdoor play equipment (trampoline, swings, slide)
- Cardboard and paint for wall painting activity
- Field trip plan to Disneyland

Activities

- **Shape Exploration:** Maximus will identify and create shapes using crayons. He will draw squares and triangles, and then cut them out to make a collage. This will reinforce his understanding of shapes in a fun and creative way.
- **Prewriting Practice:** Using the boat ride tracing worksheet, Maximus will practice tracing slant and curved lines. This will help him develop his fine motor skills and prepare for writing letters and numbers.
- **Counting Fun:** Maximus will count and show numbers 1-10 using small toys. He will group the toys and count them out loud, helping him understand quantity and number recognition.
- **Transportation Sorting:** Using the transportation sort cards, Maximus will categorize vehicles into air, land, and sea. This will teach him about different modes of transportation and enhance his sorting skills.
- **SEL Kindness Activity:** Together, we will read "Kindness to Share from A to Z" and discuss ways to show kindness. Maximus will then create a kindness card to share with a family member or friend.
- **Outdoor Play:** Maximus will spend time on the trampoline, swings, and slide, allowing him to enjoy physical activity and socialize with cousins.
- **Wall Painting Activity:** Maximus will explore wall painting using cardboard and different paint colors, brushes, and rollers. This will encourage creativity and teamwork.
- **Field Trip to Disneyland:** Maximus will explore different types of transportation at Disneyland, such as trolleys and monorails. He will ride on the Goofy School of Flight roller coaster and the Golden Zephyr, discussing what he sees and learns.

Talking Points

- "What shape is this? Can you find something in the room that is a square or a triangle?"
- "Let's practice tracing these lines together! Can you make your lines go up and down?"
- "How many toys do we have? Can you count them with me? One, two, three..."
- "Can you tell me what kind of vehicle this is? Is it for air, land, or sea?"
- "What is one kind thing you can do for someone today? Let's write it down!"
- "What was your favorite ride at Disneyland? Did you see any cool vehicles there?"
