

## Objective

By the end of this lesson, the student will have a comprehensive understanding of the women's rights movement, its key figures, major milestones, and its impact on society. The student will also develop critical thinking skills by analyzing the significance of women's rights in today's context.

## Materials and Prep

- Notebook and pen for taking notes
- Access to a computer or tablet for research
- Art supplies (colored pencils, markers, poster board)
- Printed timeline of the women's rights movement (to be created before the lesson)
- List of influential women in the movement (to be created before the lesson)

Before the lesson, prepare a brief timeline of key events in the women's rights movement and a list of influential women such as Susan B. Anthony, Elizabeth Cady Stanton, and Sojourner Truth. This will help guide the discussion and activities.

## Activities

- **Timeline Creation:**

The student will create a visual timeline of the women's rights movement, marking key events and figures. This will help them understand the chronological progression of the movement and its milestones.

- **Research Presentation:**

The student will choose one influential woman from the women's rights movement to research and present her life, achievements, and impact on society. This activity encourages independent research and public speaking skills.

- **Creative Poster:**

The student will design a poster that highlights a specific event or figure in the women's rights movement. They can include images, quotes, and important facts. This will enhance their creativity and reinforce their learning.

- **Debate or Discussion:**

The student will engage in a discussion or debate about the current state of women's rights. This will help them connect historical events to contemporary issues and develop their critical thinking skills.
