

Reading Quest: Survive the Story!

Get ready for your reading mission! Just like dropping onto the Fortnite island, diving into a book takes focus and strategy. Today's quest is to read for 30 minutes straight!

Mission Briefing (5 Minutes)

Today, you're not just reading; you're exploring a new world, just like exploring the map in Fortnite! Reading helps build your focus 'shield' and discover new 'loot' (ideas and knowledge). Your goal is to stay focused on your book for the entire 30 minutes. Think of it like surviving the storm circle!

Let's connect it to Fortnite:

- What kind of 'landing spot' do you think the main character of your book would choose in Fortnite? Why?
- What special 'emote' (feeling) does the start of your book give you?

Reading Engagement (30 Minutes)

1. Choose your reading material (book, chapter, or article approved for the mission).
2. Find a comfortable 'base' (reading spot).
3. Set the timer for 30 minutes.
4. Begin your Reading Quest! Stay focused on the story. If your mind wanders, gently bring it back to the words – like refocusing your aim.
5. Keep reading until the timer signals Mission Accomplished!

Debrief & Victory Royale! (10 Minutes)

Great job completing your Reading Quest!

Let's talk about your adventure:

- Quickly tell me the best part or the main thing that happened in what you read (your 'Victory Royale' moment from the story).
- If one character from your book could find one item from Fortnite, what item would they find and why would it be useful in their story?
- Did the character face any 'storm' (challenges)? How did they handle it?
- **Optional Bonus:** Draw a quick sketch of a scene from your book, but give it a Fortnite twist (e.g., add a Supply Drop in the background, draw a character doing a Fortnite dance).

Excellent work, explorer! You've successfully gathered reading XP today!
