

Objective

By the end of this lesson, you will be able to identify and understand the different parts of the human body through engaging language arts activities.

Materials and Prep

- Paper and pencil
- Colored markers or crayons
- Printed or online resources about the human body

Before starting the lesson, make sure to have the printed or online resources ready for reference.

Activities

1. **Read a Book:** Start the lesson by reading a children's book about the human body. Discuss the different body parts and their functions as you go along.
2. **Label the Body:** Draw a simple outline of a human body on a piece of paper. Using the colored markers or crayons, label the different body parts such as head, arms, legs, etc. Practice writing the labels neatly.
3. **Body Part Descriptions:** Choose a body part from the labeled diagram and write a description of its function. For example, describe the purpose of the eyes, ears, or nose. Use descriptive language and complete sentences.
4. **Create a Body Poem:** Write a poem about the human body. Include at least five different body parts and describe their functions or characteristics in a creative and fun way. Use rhymes or rhythm to make the poem engaging.

Second Grade Talking Points

- "Our bodies are made up of different parts that work together."
- "The head is where our brain is, and it helps us think and make decisions."
- "We have two eyes that help us see the world around us."
- "Our ears allow us to hear sounds and listen to music."
- "Our mouth helps us eat, talk, and taste different flavors."
- "We have two arms that we use for reaching, grabbing, and hugging."
- "Our legs help us walk, run, and jump."
- "Our heart is like a pump that keeps our blood flowing."
- "Our lungs help us breathe in oxygen and breathe out carbon dioxide."
- "The human body is amazing, and there is so much more to learn about it!"
