

A Perfectly Purple Adventure!

Welcome to our fun purple exploration today! We're going to find, create, and play with the wonderful color purple. Are you ready?

Gather Your Purple Treasures (Materials):

Before we start, let's gather our special purple art supplies! Make sure you have your purple paints, paper, crayons, Play-Doh, tissue paper, yarn, glue, and something to protect your clothes (like a smock).

Activity 1: Purple Hunt!

Let's go on a purple hunt around the house! Can you find anything that is purple? Maybe a purple block? A purple shirt? A purple grape? Let's gather them (or point to them) and say "Purple!" together.

Activity 2: Purple Finger Painting Fun!

Time to get messy! Put a blob of purple paint onto a paper plate or piece of paper. Let's use our fingers to spread the paint around. How does it feel? Squishy? Smooth? We can make swirls, dots, or cover the whole paper in purple!

Activity 3: Purple Play-Doh Creations

Let's use our purple Play-Doh. Can you roll it into a purple snake? Can you squish it flat like a purple pancake? Maybe we can make little purple balls? This is great for making our fingers strong!

Activity 4: Purple Collage Magic

Now let's use our purple construction paper as a base. We can tear or cut (with help if needed) pieces of purple tissue paper and purple yarn. Let's use the glue stick to attach them to our paper. We can make a beautiful, textured purple picture!

Wrap-up: Purple Appreciation

Look at all the amazing purple things we found and created! Purple is such a fun color. Let's display our purple artwork proudly. You did a fantastic job exploring purple today!
