

Objective

By the end of this lesson, you will be able to spell words related to villains.

Materials and Prep

- Whiteboard or paper
- Markers or crayons
- Printed pictures of different villains

No prior knowledge is required for this lesson.

Activities

- Activity 1: Villain Spelling Match

Write the names of different villains on the whiteboard or paper, leaving space for the letters to be filled in. Show the printed pictures of the villains and ask the student to identify each one. Then, together, spell out the name of each villain, focusing on the sounds of the letters and how they come together to form the word.

- Activity 2: Villain Word Search

Create a word search puzzle with words related to villains. Provide the student with the word search and encourage them to find and circle the hidden words. As they find each word, have them spell it out loud and reinforce the correct spelling.

- Activity 3: Create Your Own Villain

Ask the student to imagine and draw their own villain character. Once they have drawn the character, help them write the name of their villain below the drawing. Encourage them to sound out the letters and spell the name to the best of their ability. Provide guidance and support as needed.
