

Objective

By the end of this lesson, you will be able to write a creative narrative that captures the excitement and wonder of the amazing digital circus.

Materials and Prep

- Blank paper
- Pencils or pens
- Imagination and creativity

No prior knowledge required, just bring your enthusiasm for writing and the digital circus!

Activities

1. Brainstorming: Imagine yourself as a performer in the amazing digital circus. Think about the acts, the atmosphere, and the audience. Write down your ideas and feelings.
2. Creating Characters: Develop characters for your narrative. Who are they? What are their roles in the circus? What makes them unique?
3. Setting the Scene: Describe the setting of the digital circus. Is it in a futuristic city? Inside a virtual reality? Let your imagination run wild!
4. Writing the Narrative: Use your brainstorming and character development to write a creative narrative that captures the excitement and wonder of the amazing digital circus. Be descriptive and engaging!

Seventh Grade Talking Points

- "The digital circus is an innovative form of entertainment that combines technology and performance arts."
- "As a writer, you have the opportunity to bring the digital circus to life through your words and imagination."
- "In your narrative, you can explore themes of creativity, technology, and the thrill of performing in a digital world."
- "Your writing should engage the reader and transport them into the mesmerizing world of the amazing digital circus."
