

## Objective

To explore the visual art of Mario Kart and understand the use of colors, shapes, and movement in art.

## Materials and Prep

Materials: Paper, colored pencils, markers, or crayons

Prep: Familiarize yourself with the visual elements of Mario Kart, such as the characters, vehicles, and race tracks.

## Activities

- Create a Mario Kart Race Scene

Draw a scene from Mario Kart using the visual elements you are familiar with. Pay attention to the colors and shapes used in the game.

- Design Your Own Kart

Create your own Mario Kart vehicle design, considering the colors and shapes that represent speed and excitement.

## Third Grade Talking Points

- "In Mario Kart, we can see different colors like red, blue, and green. What colors do you see in the game?"
- "The shapes of the tracks in Mario Kart are curvy and bumpy. Can you draw a curvy line like the tracks?"
- "The characters in Mario Kart move really fast. How can we show movement in our drawings?"
