## Lesson: Fortnite Descriptive Writing Adventure!

Hey there, future author! You know how awesome Fortnite is, right? The cool characters, the amazing locations, the intense action? Today, we're going to use Fortnite as inspiration to become awesome writers!

Writing is like building in Fortnite – you start with basic parts (words) and put them together to create something amazing (a story or description). We're going to focus on making our writing super vivid and exciting, just like the game!

### Step 1: Brainstorming Blast! (5-10 minutes)

Let's think about Fortnite. Grab your paper and pencil and jot down some ideas:

- **Favorite Skins/Characters:** What do they look like? What makes them unique? (e.g., Peely, Fishstick, Lynx, Midas)
- **Favorite Locations:** Where do you like to land? What does it look like there? (e.g., Tilted Towers, Salty Springs, Loot Lake, The Agency)
- **Cool Items/Weapons:** Think about shields, weapons, or vehicles. What do they look, sound, or feel like? (e.g., Chug Jug, Scar, Battle Bus)
- **Actions:** What do characters DO in Fortnite? (e.g., jumping, building, gliding, sneaking, healing)

### Step 2: Character Spotlight (10 minutes)

Choose one character (either a real Fortnite skin or one you invent!). Let's describe them. Think about:

- **Appearance:** What colors are they wearing? What is their gear like (helmet, armor, silly costume)? Are they tall, short, funny-looking, serious? Use describing words (adjectives)!
- **Movement:** How do they move? Do they strut confidently, sneak quietly, or jump excitedly? Use strong action words (verbs)!

*Example: Peely, the friendly banana, wobbles awkwardly. His bright yellow peel shines, and his big, cartoon eyes look around curiously.*

Write 3-4 sentences describing your chosen character.

### Step 3: Setting the Scene (10 minutes)

Now, pick a Fortnite location. Close your eyes and imagine you are there. What do you see, hear, and maybe even feel or smell?

- **Sight:** Are there tall buildings, green trees, sparkling water, broken walls? Is it sunny, cloudy, or stormy?
- **Sound:** Can you hear footsteps, distant shots, the wind blowing, water flowing, chests humming?
- **Feeling:** Is the air warm or cold? Is the ground sandy, grassy, or hard pavement?

Write 3-4 sentences describing the location using sensory details.

### **Step 4: Write Your Mini-Story! (15 minutes)**

Okay, time for the main event! Let's put it together. Choose ONE of these ideas:

1. Describe your character landing in the location you chose. What do they see and hear first?
2. Describe your character finding a legendary item (like a Chug Jug or a Scar). How do they react? What does the item look like?

Write a short paragraph (at least 5 sentences) combining your descriptions. Try to use strong verbs and descriptive adjectives we talked about. Make the reader feel like they are right there in the game!

### **Step 5: Victory Royale Review! (5 minutes)**

Read your paragraph out loud! Does it sound exciting? Did you use cool describing words? What's your favorite sentence? Great job today! You used your Fortnite knowledge to build an awesome piece of writing!
