

Objective

By the end of this lesson, the student will be able to demonstrate understanding of basic English grammar concepts through fun Paw Patrol-themed activities.

Materials and Prep

- Paw Patrol coloring sheets
- Markers or crayons
- Scissors
- Glue
- Construction paper

No prior knowledge is required for this lesson.

Activities

1. Start by introducing the concept of nouns to the student. Explain that nouns are words that name people, places, or things.

Ask the student to identify and color the Paw Patrol characters on the coloring sheets. As they color, encourage them to say the names of the characters out loud.

2. Next, move on to verbs. Explain that verbs are words that show action or describe what someone or something is doing.

Ask the student to think about what each Paw Patrol character does. For example, Chase chases, Marshall puts out fires, and Skye flies. Have the student act out these actions while saying the corresponding verbs.

3. Now, introduce adjectives. Explain that adjectives are words that describe or give more information about nouns.

Ask the student to describe the Paw Patrol characters using adjectives. For example, they can say that Marshall is brave, Skye is adventurous, and Rubble is strong. Encourage the student to use descriptive words as they talk about the characters.

4. Finally, introduce prepositions. Explain that prepositions are words that show the relationship between a noun and other words in a sentence.

Give the student a Paw Patrol character cutout and ask them to place it on different objects around the room. For example, they can put Chase on the table, Marshall under the chair, and Skye beside the bookshelf. As they do this, have them say the prepositions out loud.

United States of America: Kindergarten Talking Points

- "In the United States, we have many different places and things that we can name. These are called nouns."
- "When we talk about what someone or something is doing, we use action words called verbs."
- "We can use words to describe the people, places, or things we talk about. These words are called adjectives."
- "Sometimes, we use words to show the relationship between things. These words are called prepositions."
