

## Objective

By the end of this lesson, the student will be able to enhance their reading skills while exploring their interest in horses.

## Materials and Prep

- Books or articles about horses
- Pen or pencil
- Blank paper or notebook

No prior knowledge or preparation is required for this lesson.

## Activities

- Activity 1: Reading Comprehension - Choose a horse-related book or article to read. Take notes while reading and write a short summary of what you learned.
- Activity 2: Vocabulary Building - Create a horse-themed word bank. Write down horse-related words you come across in your reading and their definitions. Use each word in a sentence.
- Activity 3: Creative Writing - Imagine you are a horse. Write a short story or poem from the perspective of a horse. Include details about your daily life, feelings, and experiences.
- Activity 4: Research Project - Choose a specific horse breed or a famous horse and research its history, characteristics, and notable achievements. Create a poster or presentation to share your findings.

## Talking Points

- What are some reasons people are interested in horses? "Horses have been companions to humans for centuries. They are strong, majestic creatures that have played important roles in transportation, agriculture, and sports."
- What are some common horse-related terms? "Some common horse-related terms include bridle, saddle, gallop, trot, canter, mane, tail, hoof, and foal."
- Why is reading comprehension important? "Reading comprehension helps us understand and interpret the information we read. It allows us to gain knowledge, learn new vocabulary, and develop critical thinking skills."
- How can taking notes while reading help us? "Taking notes while reading helps us remember important details, summarize the main points, and organize our thoughts. It also helps us engage with the text more actively."
- Why is it important to expand our vocabulary? "Expanding our vocabulary allows us to express ourselves more effectively, understand complex texts, and communicate with others in a precise and nuanced manner."
- What are some characteristics of horses? "Horses are herbivores, meaning they eat plants. They have a strong sense of hearing and excellent eyesight. Horses are known for their speed, agility, and ability to form strong bonds with humans."
- What are some ways horses are used today? "Horses are used for various purposes, such as recreational riding, racing, therapy, and working on ranches or farms. They are also featured in shows and competitions."
- What can we learn from researching specific horse breeds or famous horses? "Researching specific horse breeds or famous horses allows us to learn about their unique characteristics, history, and contributions to different fields. It helps us appreciate the diversity and significance of horses."
