

## Objective

By the end of this lesson, you will be able to create a travel itinerary using proper English grammar and sentence structure.

## Materials and Prep

- Paper and pen/pencil
- Computer or mobile device with internet access (optional)

No prior knowledge or preparation is required for this lesson.

## Activities

### 1. Activity 1: Research a Destination

Choose a travel destination that interests you. Use the internet or books to gather information about the location, including popular attractions, accommodations, transportation options, and any special events or festivals.

### 2. Activity 2: Create an Itinerary

Based on the information you gathered in Activity 1, create a travel itinerary for a 5-day trip to your chosen destination. Include details such as arrival and departure dates, daily activities, meal times, and any other relevant information. Use proper English grammar and sentence structure when writing your itinerary.

### 3. Activity 3: Peer Review

Exchange your travel itinerary with a classmate or family member. Review each other's itineraries and provide constructive feedback on grammar, clarity, and overall organization. Make any necessary revisions based on the feedback received.

## Talking Points

- **Research a Destination:** "When researching a travel destination, it's important to gather information about popular attractions, accommodations, transportation options, and any special events or festivals happening there."
- **Create an Itinerary:** "When creating a travel itinerary, remember to include details such as arrival and departure dates, daily activities, meal times, and any other relevant information. This helps in organizing your trip effectively."
- **Proper Grammar and Sentence Structure:** "Using proper English grammar and sentence structure in your itinerary makes it easier for others to understand and follow your plans. It also enhances the overall clarity and professionalism of your writing."
- **Peer Review:** "Peer review is an important step in the writing process. It allows you to receive feedback from others, identify areas for improvement, and make necessary revisions to enhance the quality of your work."
