

Instructions

Let's learn about place value! Answer the questions and fill in the blanks.

1. Understanding Place Value

Write the value of the underlined digit in each number:

Example: In 342, the underlined digit is 4 (which is in the tens place). The value is: _____

1. In 527, the underlined digit is 2: _____

2. In 816, the underlined digit is 1: _____

3. In 405, the underlined digit is 0: _____

2. Fill in the Blanks

Write the correct numbers in the boxes to complete the sentences:

Example: The number 456 has __ hundreds, __ tens, and __ ones.

4. The number 732 has __ hundreds, __ tens, and __ ones.

5. The number 290 has __ hundreds, __ tens, and __ ones.

3. Draw a Number

Draw a picture that shows the number 123 using blocks or circles. How many hundreds, tens, and ones can you see?

Hundreds: _____

Tens: _____

Ones: _____

4. Challenge Your Friend!

Write a three-digit number and ask a friend to tell you the place value of each digit.

My number is: _____

Friend's answers:

Hundreds: _____

Tens: _____

Ones: _____
