

Instructions

Use your Lego bricks to help you solve these math problems. You can build the equations with your Lego pieces, then write down the answers!

1. Addition

Build the following addition problems with your Legos:

- What is $3 + 2$?

- What is $5 + 4$?

- What is $6 + 6$?

2. Subtraction

Now, use your Legos to solve these subtraction problems:

- What is $7 - 4$?

- What is $10 - 3$?

- What is $8 - 5$?

3. Multiplication (using groups)

Imagine you have a certain number of Lego groups. Build these multiplication problems:

- What is 2×3 ? (2 groups of 3)

- What is 4×1 ? (4 groups of 1)

- What is 3×2 ? (3 groups of 2)

4. Challenges

Try these fun challenges!

- Build a tower with 7 Legos. How many more do you need to make it 10?

- If you have 5 Lego bricks and you give 2 away, how many do you have left?

5. Draw Your Favorite Lego Creation!

Draw a picture of your favorite Lego creation below:
