

Instructions

Answer the following questions based on what you learn during your offshore fishing trip. Have fun and be curious!

What are three things you need to bring with you when going offshore fishing?

What do you think is the most important safety rule while fishing on a boat?

What are some signs that a fish might be sick or unhealthy?

What is the water cycle, and how does it affect the ocean where you are fishing?

What are some ways that humans can help protect marine life while fishing?

Describe what you think is the most interesting thing about the ocean ecosystem:

What type of fish do you hope to catch today, and what do you know about it?

What are some rules or regulations that fishermen must follow to help keep the ocean healthy?

What is something new you learned today about fishing or the ocean? Use this space to draw or write about it:

What do you think is the biggest challenge facing the ocean today, and how can we help solve it?
