

Instructions

Match the dinosaurs with their closest living relatives by drawing a line between the two. When you visit the Kansas City Zoo, look for the life-size dinosaur models and see if you can find their modern relatives nearby.

Write your answers in the spaces provided.

Dinosaur and Living Relative Match

1. Tyrannosaurus Rex

_____ (closest relative: bird)

2. Velociraptor

_____ (closest relative: bird)

3. Stegosaurus

_____ (closest relative: lizard)
