

Instructions

Find the line of symmetry in each shape. The line of symmetry is the line that divides the shape into two identical parts.

1. 

This shape has a line of symmetry that runs _____.

2. 

This shape has a line of symmetry that runs _____.

Activity

Take a piece of paper and fold it in half. Draw a simple shape on one half. When you open it, you will see a symmetrical shape! Now, draw your shape and the line of symmetry:

Question

Can you think of another shape that has a line of symmetry? Draw it here and show the line of symmetry:

Fun Challenge

Draw your own shape below and add a line of symmetry. Then, color the two halves the same!
