Instructions

Complete each activity to show your knowledge and creativity! Write your answers in the spaces provided.

Art

Design your own Minecraft character! Draw or describe what your character would look like and what special tools they would carry.

English

Write a short story about an adventure you would go on in Minecraft. What would you explore and what challenges would you face?

History

If you could build any historical building in Minecraft, what would it be and why?

Math

If you need 5 planks to make a chest and you have 15 planks, how many chests can you make?

Music

Create a simple beat using Minecraft sound effects (e.g., "dig," "build," "water"). Write down your rhythm here.

Physical Education

What are some movements you can do to act like you're "mining" or "building" like in Minecraft? Write them below.

Science

If you were to create a water fountain in Minecraft, how would the water flow work? Describe the process.

Social Studies

If you were to live in a Minecraft village, what would be your role and how would you help your community?
